If a Bid does not comply with the N-ITB, it will be rejected immediately and may not subsequently be made to comply by correcting it or withdrawing the departure or restriction.

Technical Evaluation

The Evaluation Committee will rule on the technical admissibility of each Bid, classifying it as technically compliant or non-compliant. The technical evaluation will be based on the information and documents annexed in the Bid concerning the items and specifications for 'goods', and both the task to be carried out under the N-ITB, and the professional ability of the Bidder for 'services'.

Financial Evaluation

The Evaluation Committee will not necessarily choose on the basis of lowest price alone but will award a contract on the basis of criteria such as best value for money, price, quality, and compliance with international norms, delay for delivery and other criteria, as defined in the N-ITB. The experience of the Bidder in the performance of similar contracts may also be criterion for selection.

19. General Conditions of Contract

The N-ITB may be cancelled in the following situations:

- where no qualitatively or financially worthwhile Bid has been received or there has been no response at all;
- the economic or technical parameters of the project have been fundamentally altered;
- exceptional circumstances or force majeure render normal performance of the project impossible;
- all technically compliant Bids exceed the financial resources available;
- There have been irregularities in the procedure, in particular where these have prevented fair competition.

In no circumstances will DRC be liable for damages, whatever their nature (in particular damages for loss of profits) or relationship to the cancellation of an N-ITB, even if DRC has been advised of the possibility of damages. The publication of a procurement notice does not commit DRC to implement the programme or project announced.

11. CANCELLATION DUE TO EVENTS OF FORCE MAJEURE

11.1 The DRC shall have the right to cancel the Contract or any of the provisions thereof at any time in accordance with the provisions of Article 16. 13. ADVERTISING

13.1 The Supplier shall not advertise or otherwise make public the fact that he is a Supplier to the DRC without specific approval from DRC. Nor shall the Supplier in any manner whatsoever use the name of the DRC, or any abbreviation thereof, in connection with his business or otherwise. Non-observance of these conditions shall entitle the DRC to cancel the Contract, or any part thereof, and to hold the Supplier liable for any damages which the DRC has sustained as a result thereof.

14. ASSIGNMENT AND INSOLVENCY

14.1 The Supplier shall not assign, transfer, pledge or make other disposition of this Contract, or any part thereof, or any of the Supplier's rights, claims or obligations under this Contract except with the prior written consent of the DRC.

prejudice to any other rights or remedies, terminate this Contract by giving the Supplier written notice of termination.

The Supplier shall also notify the DRC of any other changes in conditions or the occurrence of any event that interferes or threatens to interfere with its performance of this Contract. On receipt of the notice required under this article, the DRC shall take such action as, in its sole discretion, it considers to be appropriate or necessary in the circumstances, including the granting to the Supplier of a reasonable extension of time in which to perform its obligations under this Contract, or termination of the Contract if any delay will force an extension to the delivery schedule.

16.3 Notwithstanding anything to the contrary in this Contract, the Supplier recognizes that the work and services may be performed under harsh or hostile conditions caused by civil unrest. Consequently, delays or failure to perform caused by events arising out of, or in connection with, such civil unrest shall not, in itself, constitute Force Majeure under this contract.

17. OFFICIALS NOT TO BENEFIT

17.1 The Supplier warrants that no official of the DRC has received or will be offered by the Supplier any direct or indirect benefit arising from this Contract or the award thereof. The Supplier will notify the DRC immediately in case any official from the DRC requests any unofficial, or additional payment, or gift to their personal account. The Supplier agrees that breach of this provision is a breach of an essential term of this Contract.

18. CHECKS AND AUDIT

18.1 The Supplier shall allow any external auditor authorised by the DRC to verify, by examining the documents and to make copies thereof or by means of on-the-spot checks of original documents, the implementation of the contract and conduct a full audit, if necessary, on the basis of supporting documents for the accounts, accounting documents and any other document relevant to the financing of the project. The Supplier shall ensure that on-the-spot access is available at all reasonable times. The Supplier shall ensure that the information is readily available at the moment of the audit and if so requested, that the data be handed over in an appropriate form. These inspections may take place up to 7 years after the final payment.

18.2 Furthermore, the Supplier shall allow any external auditor authorised by the DRC carrying out verifications as required to carry out checks and verification on the spot in accordance with the procedures set out by the donor or in the European Union legislation for the protection of the financial interests of the European Union against fraud and other irregularities.

18.3 To this end, the Supplier undertakes to give appropriate access to any external auditor authorised by the DRC carrying out verifications as required to the sites and locations at which the project is implemented, including its information systems, as well as all documents and databases concerning the technical and financial management of the action and to take all steps to facilitate their work. Access given to agents of any external auditor authorised by the DRC carrying out verifications shall be on the basis of

confidentiality with respect to third parties, without prejudice to the obligations of public law to which they are subject. Documents must be easily accessible and filed so as to facilitate their examination and the Supplier must inform the DRC of their precise location.

18.4 The Supplier guarantees that the rights of any external auditor authorised by the DRC carrying out verifications as required to carry out audits, checks and verification shall be equally applicable, under the same conditions and according to the same rules as those set out in this Article, to the Supplier's partners, and subcontractors. Where a partner or subcontractor is an international organisation, any verification agreement concluded between such organisation and the donor applies.

19. RULE OF ORIGIN AND NATIONALITY

19.1 If any rules of origin and nationality are applicable due to donor requirements, limiting the eligible countries for goods, legal and natural persons, the Supplier must adhere to these rules and be able to document and certify the origin of goods and nationality of legal and natural persons as required.

19.2 Failure to comply with this obligation shall lead, after formal notice, to termination of the contract, and DRC is entitled to recover any loss from the Supplier and is not obliged to make any further payments to the Supplier.
