1.3	Number of individuals participating in Musharikat issue-based coalitions	Activities such as registration of new individual activists into Musharikat Coalitions, or building institutional mechanisms that will help individual activists and CSOs to collectively advocate for women rights will fit under this indicator
1.5	Percentage of organizations and groups participating in Musharikat issue-based coalitions using social and traditional media, online functions, mobile or internet technology or exchanges to strengthen linkages, raise awareness, and implement shared advocacy platforms.	Activities that will include establishing social and traditional media mechanisms, websites, knowledge management portals, use of mobile or internet technologies or any other mechanisms that will serve as common advocacy platform and/or mechanism for sharing information will fit under this indicator.
2.1	GNDR-1 Number of legal instruments drafted, proposed or adopted with USG assistance designed to promote gender equality or non-discrimination against women or girls at the national or sub-national level. (Musharikat Indicator 2.1)	Contribution to formulation or revision of laws, regulations, policies or procedures that will contribute to gender equality or non-discrimination against women or girls at the national or sub-national level will fit under this indicator.
2.2	Number of regulations, laws, policies, or procedures promoting women's rights and/or gender issues with improved implementation as a result of Musharikat issue-based coalition advocacy efforts	This could include activities such as awareness raising, advocacy meetings and/or capacity building for improved implementation of a specific law, policy, regulation or a procedure at national and sub-national level.
2.3	Percentage of civil society organizations in Musharikat issue-based coalitions that improve their ability to advocate for women's rights and empowerment	This will include activities that contributes to increased capacities of Musharikat coalition members CSOs to better advocate for women's rights and empowerment.
2.4	Percentage of females who report increased self-efficacy at the conclusion of USG supported training/programming. (Musharikat Indicator 2.4)	This will include activities that contributes to increased capacities of Musharikat coalition members' individual and other targeted beneficiaries to better advocate for women's rights and empowerment.
2.5	Number of social practices identified by Musharikat issue-based coalitions as harmful for women that are addressed through coalition advocacy and public awareness initiatives.	Awareness raising and advocacy initiatives that will contribute to eliminate or reduce an ill-social norm will fit under this indicator.

Musharikat Indicator #	Indicator	Notes on contributing activities
2.6	Number of regulations, laws, policies and procedures raised by Musharikat issue-based coalitions	Formulation or revision of laws and/or awareness raising, advocacy events that will contribute to improved implementation of the laws, regulations, policies and procedures for women equality and empowerment will fit under this indicator.
3.1	Percentage of (sample-based) targeted female beneficiaries who confirm that they are more capable to practice their rights as a result of Musharikat awareness raising initiatives	Awareness raising events will clear evidence of the participants confirming that they are more capable to practice their rights will fit here. The applicant will need to explain how the outcome of awareness raising events will be measured here.
3.2	Number of individuals reached through Musharikat outreach activities aimed at increased knowledge about women's rights and empowerment	<p>Awareness raising events with the coalition members and other targeted beneficiaries will fit here. The applicant will need to clearly highlight the number of people they will target (by coalition/non-coalition members, gender and youth) through awareness raising initiatives.</p> <p>The awareness raising events include community level awareness raising events and social and traditional media campaigns. However, when presenting the target for awareness raising beneficiaries, media awareness raising (TV, Radio, publications, social media, etc.) should not be referred to as direct or indirect beneficiaries. Rather, they should be referred to as media awareness raising beneficiaries in a separate category.</p>
4.1	Number of government entities that adopt gender-specific policies as a result of Musharikat advocacy campaigns	Advocacy with government entities that result the targeted government entities adopting gender-specific policies will contribute to this indicator. The applicant will need to explain how progress under this indicator will be measured.
4.2	Number of government entities that are engaged in the Musharikat issue-based coalitions and its grant projects' advocacy campaign planning and implementation	<p>Any advocacy event conducted with the government entities will contribute to this indicator. Musharikat expect the advocacy events with government institutions to contribute to formulate/ revise/ improved implementation of gender specific policies and/or to address a specific ill social practice. Thus, the applicant will be required to clearly mention what policy level issue or ill social practice will be addressed through engagement with the government institutions.</p> <p>Engagement with the government institutions for the sake of introducing the project objectives will not be considered as a legitimate contribution to this indicator.</p>
4.3	Number of civil service organization that participate in legislative proceedings and/or engage in advocacy with national legislature and its committees	Activities that will enable Musharikat coalition members to engage in legislative proceedings and/or engage in advocacy with national and sub-national level legislators will contribute to this section.
