Technical Requirement

The vendor will develop, film, and produce seven high quality short video documentaries of at least 2 minutes in length each with high definition (HD). The vendor will also take a minimum of 200 high-quality, high-resolution professional photographs during the production of videos which will be used for future Kabul Municipality slide-shows, PowerPoint presentations, and narrative reports.

The film and photographs will cover the primary themes and activities in and around Kabul Municipality's program objectives. Nahya visits are required from around Kabul to conduct interviews with program beneficiaries and government officials (perhaps partner ministries and donor agencies) about the primary themes, such as: collecting certain taxes and issuing building licenses, controlling the construction of residential and commercial buildings, collecting waste issuance of construction and work permits. But the final themes will be selected to be filmed in close consultation of Senior Advisor to Kabul Mayor.

The vendor will provide all necessary filming, production, and post-production equipment. No equipment or software (i.e. cameras, computers, movie editing software, etc.) will be purchased under this activity. The Production Company is solely responsible to facilitate all necessary equipment for conducting the interviews across the selected Nahyas within Kabul province. All costs associated with the film production and photography will be the sole responsibility of the production company, and should be incorporated in the contract's cost proposal.

The vendor will establish operations rapidly and efficiently in consultation with Senior Advisor to Kabul Mayor to accomplish formative research and other preparatory work. The Production Company will provide illustrative examples of how videos would be structured including high-level storyboards and scripts during the pre-production phase. Final content for each video will be discussed between vendor and Senior Advisor to Kabul Mayor before filming begins. The vendor will not move forward with production before having signed-off from Kabul Municipality on each final version of storyboards.

The vendor will use a variety of professional and artistic cinematic approaches including multiple camera angles, varied depths of field, info-graphs, a variety of action sequences, interviews in natural settings, and candid moments to build rapport with and inspire empathy from viewers.

The videos will not be produced as the standard informational typically made for governmental entities that provide narration of facts and statistics, focus on office interviews, and have the standard distance shot of a farmer in a field or a worker in a factory. Instead, films will convey core messages and tell an emotionally engaging story through a creative and visually captivating product to show the impact of the project's work on the life of ordinary citizens who were/are benefited from program's core themes which will be discussed with vendor once the contract is awarded.

The film will capture the essence of the beneficiaries' situations through different and unexpected perspectives, the challenges faced, and the assistance provided through Kabul Municipality and its partners to overcome challenges.

The films will include professional high quality transitions, voice-over narration in one of the local languages to be determined by Kabul Municipality, and appropriate supporting Afghan background music to be chosen in consultation with Senior Advisor.

Kabul Municipality will provide expert field knowledge, and expects the vendor to coordinate travel and site visits with Kabul Municipality and its counterparts. However, the contractor must arrange its own logistics and transportation and Kabul Municipality will not take any responsibilities.

The period of performance for this contract is 25 Days. **Pre-production should start the immediately after signing the contract, and post production and final submission to SHAHAR is within 25 calendar days from signing of the contract.**

Development: The vendor will work closely with Senior Advisor to Kabul Mayor to learn about the main idea behind the videos and to understand the impact of services and programs delivered. With this background, the contractor will generate initial ideas, propose storyboards, and possible scripts for the film in dialogue with Kabul Municipality. The work during this phase may be conducted remotely from the start of the contract.

Pre-production: The vendor will work closely with Kabul Municipality/Senior Advisor to Mayor and its partner donors to select filming sites and finalize dates. Kabul Municipality anticipates that the contractor will need for each video approximately one-day to spend with Nahya directors to brief and provide the contractor will further information on project status/services. During this period, the

vendor, in consultation with Kabul Municipality, will further develop ideas, storyboards, and scripts. Kabul Municipality expects pre-production timeline within 2 days from signing the contract.

Production: The vendor will record the raw elements for the films and photographs with info-graphs in high-standard quality (HD). The production process should not take more than 14 days (2 days for each video), from the date of signing the contract.

Post-production: The vendor will work closely with Kabul Municipality/Senior Advisor during the editing phase to finalize the film. Please note that the film will include some info-graphs that will reflect programs primary objectives/achievements as well as the final version of reach video will include English subtitle as well. The contractor will be responsible for translation of scripts and inclusion of reach as subtitle in the final version of videos.

Final Submission: The vendor will deliver the film in an external hard drive with the final version of videos and photographs as well as all raw footage within 25 calendar days from signing the contract. In addition, Kabul Municipality may request the vendor to make short footages out of the 2 minutes videos for Kabul Municipality’s Social Media purpose.

2.5 Technical Evaluation Criteria

Each proposal will be evaluated and scored against the evaluation criteria and evaluation sub-criteria, which are stated in the table below. Cost/Price proposals are not assigned points, but for overall evaluation purposes of this RFP, technical evaluation factors other than cost/price, when combined, are considered approximately equal to cost/price factors.

Evaluation Criteria	Maximum Points
PRICE: Price will be a major factor in the evaluation of cost quotations with detailed and justifiable budget with narration for each of the deliverables.	30 points
TECHICAL CAPABILITY: Review of the filmmakers’ portfolio and technical capabilities including creative storytelling, as well as company profile	30 points
TECHNICAL APPROACH: Understanding of the proposed project narrated in the technical requirements per the SOW.	20 points
PAST EXPERIENCE: Copies of previous contracts with USAID implementing partners or UN agencies, certificates, and samples for similar works in DVD. Experience and demonstrated ability to operate in difficult conditions within Kabul and its districts.	20 points
Total Points	100 points

3. Instructions for the Preparation of Cost/Price Proposals

3.1 Cost/Price Proposals

Cost/Price proposals shall be submitted to procurementSHAHAR@shaharaf.org in a separate attachment from technical proposal, and shall be clearly named as "VOLUME II: COST/PRICE PROPOSAL". Local organizations should submit their cost proposal in Afghani currency (AFN) and international organizations should submit in US Dollars (USD).

The purchase order will be awarded on a fixed price basis, with payments based on completion and DAI/USAID acceptance of deliverables.

- a) Detailed Budget Although the purchase order will be fixed price, for the purposes of determining cost reasonableness and realism, Offerors must provide a detailed budget showing major line items, e.g. salaries, local and international travel costs and per diem, cost for broadcasting airtime, other direct costs, indirect rates and fees. Individual line items such as salaries or rates for proposed staff, types of allowances, etc. Offerors must show unit prices, quantities and total price as outlined in Attachment C, Price Schedule.
- b) Budget Narrative The budget shall be accompanied by a narrative that explains the basis for every cost element or line item, and how the amount is reasonable. Supporting information shall be provided in sufficient detail to allow for a cost reasonableness review for each element/item.

Indirect rates, e.g. overhead, fringe, G&A must be explained and the rates' basis of application included in the budget narrative.

It is important to note that Value Added Tax (VAT) shall be included on a separate line; these services are eligible for VAT exemption under the DAI prime contract. The Subcontractor is responsible for all other applicable taxes and fees, as prescribed under the applicable laws for income, compensation, permits, licenses, and other taxes and fees due as required.

4. Basis of Award

4.1 Best Value Determination

An award will be made based on the best value method. The award will be issued to the responsible and reasonable offeror, who provides the best value to DAI and its client using a combination of technical and cost/price factors.

Evaluation points will not be awarded for cost. Cost will primarily be evaluated for realism and reasonableness. DAI may award to a higher priced Offeror if a determination is made that the higher technical evaluation of that Offeror merits the additional cost/price.

DAI may award to an Offeror without discussions. Therefore, the initial offer **must contain the Offeror's best price and technical terms.**

4.2 Responsibility Determination

DAI will not enter into any type of agreement with an Offeror prior to ensuring the Offeror's responsibility. DAI may exclude an offer from consideration if it determines that an Offeror is "not responsible", i.e., that it does not have the management and financial capabilities required to perform the work required.

When assessing an Offeror's responsibility, the following factors are taken into consideration:

- Does the Offeror possess adequate financial resources to finance and perform the work or the ability to obtain financial resources without receiving advance funds from DAI?
- Does the firm have the ability to comply with required or proposed delivery or performance schedules?
- Does the Offeror have a satisfactory past performance record?
- Does the Offeror have a satisfactory record of integrity and business ethics?
- Does the vendor possess the necessary organization, experience, accounting and operational controls and technical skills?
- If the award amount exceed \$30,000 USD, does the Offeror possess a DUNS number, and if not, is the vendor willing to obtain one prior to award?
- The source, origin and nationality of the products or services are not from or transmit through a Prohibited Country such as Iran.
- The company or any of its key individual's do not appear on any of the debarred or excluded parties lists in the following databases: SAM, OFAC, and UN.
- The Offeror receives a positive determination from the USAID Vetting Support Unit.

To assist DAI-SHAHAR in making a responsibility determination, the following documents must be included in the proposal:

1. Your organization's DUNS number. If you do not yet have a number, request Attachment D from DAI which includes instructions on how to obtain DUNS.

5. Anticipated post-award Deliverables

Upon award of a Firm Fixed Price Purchase Order, the Vendor will provide the following deliverables:

Production of Seven Short 2-Minutes Video Documentaries

- **Pre-production:** The vendor will work closely with Kabul Municipality/Senior Advisor to Mayor and its partner donors to select filming sites and finalize dates. Kabul Municipality anticipates that the contractor will need for each video approximately one-day to spend with Nahya directors to brief and provide the contractor will further information on project status/services. During this period, the vendor, in consultation with Kabul Municipality, will further develop ideas, storyboards, and scripts. Kabul Municipality expects pre-production timeline within 2 days from the contract signing.
- **Production:** The vendor will record the raw elements for the films and photographs with info-graphs in high-standard quality (HD). The production process should not take more than 14 days (2 days for each video), from the date of signing the contract.
- **Post-production:** The vendor will work closely with Kabul Municipality/Senior Advisor during the editing phase to finalize the film. Please note that the film will include some info-graphs that will reflect programs primary objectives/achievements as well as the final version of reach video will include English subtitle as well. The contractor will be responsible for translation of scripts and inclusion of reach as subtitle in the final version of videos.
- **Final Submission:** The vendor will deliver the film in an external hard drive with the final version of videos and photographs as well as all raw footage within 25 days from the contract signing

date. In addition, Kabul Municipality may request the vendor to make short footages out of the 2 minutes videos for Kabul Municipality's Social Media purpose.

1.) Inspection & Acceptance

The designated DAI Project Manager will inspect the services and products being provided to determine whether it is being provided in a satisfactory manner, and that all products are of acceptable quality and standards. The subcontractor shall be responsible for any countermeasures or corrective action, within the scope of this RFP, which may be required by the DAI Chief of Party as a result of such inspection.

2.) Compliance with Terms and Conditions

a) General Terms and Conditions

Offerors agree to comply with the general terms and conditions for an award resulting from this RFP. The selected Offeror shall comply with all Representations and Certifications of Compliance listed in Attachment G.

b) Source and Nationality

Under the authorized geographic code for its contract DAI may only procure goods and services from the following countries.

Geographic Code 937: Goods and services from the United States, the cooperating country, and "Developing Countries" other than "Advanced Developing Countries: excluding prohibited countries. A list of the "Developing Countries" as well as "Advanced Developing Countries" can be found at: <http://www.usaid.gov/policy/ads/300/310maa.pdf> and <http://www.usaid.gov/policy/ads/300/310mab.pdf> respectively.

DAI must verify the source and nationality of goods and services and ensure (to the fullest extent possible) that DAI does not procure any goods or services from prohibited countries listed by the Office of Foreign Assets Control (OFAC) as sanctioned countries. OFAC sanctioned countries may be searched within the System for Award Management (SAM) at www.SAM.gov. The current list of countries under comprehensive sanctions include: Cuba, Iran, North Korea, Sudan, and Syria. Goods may not transit through, be routed through, or be assembled in comprehensive sanctioned origin or nationality countries nor can the vendor be owned or controlled by a prohibited country. DAI is prohibited from facilitating any transaction by a third party if that transaction would be prohibited if performed by DAI.

By submitting a proposal in response to this RFP, Offerors confirm that they are not violating the Source and Nationality requirements of the goods or services being offered and that the goods and services comply with the Geographic Code and the exclusions for prohibited countries outlined above.

5.1 Data Universal Numbering System (DUNS)

There is a **mandatory** requirement for your organization to provide a DUNS number to DAI. The Data Universal Numbering System is a system developed and regulated by Dun & Bradstreet (D&B) that assigns a unique numeric identifier, referred to as a "DUNS number" to a single business entity. Without a DUNS number, DAI cannot deem an Offeror "responsible" to conduct business with and therefore, DAI will not enter into a subcontract/purchase order or monetary agreement with any organization. The determination of a successful offeror/applicant resulting from this RFP/RFQ/RFA is contingent upon the winner providing a DUNS number to DAI. Offerors who fail to provide a DUNS number will not receive an award and DAI will select an alternate Offeror.

All U.S. and foreign organizations, which receive first-tier subcontracts/ purchase orders with a value of \$25,000 and above, **are required** to obtain a DUNS number prior to signing of the agreement. Organizations are exempt from this requirement if the gross income received from all sources in the

previous tax year was under \$300,000. DAI requires that Offerors sign the self-certification statement if the Offeror claims exemption for this reason.

For those required to obtain a DUNS number, please contact SHAHAR Procurement to request instructions for obtaining a DUNS Number.

3.) Procurement Ethics

Neither payment nor preference shall be made by either the Offeror, or by any DAI staff, in an attempt to affect the results of the award. DAI treats all reports of possible fraud/abuse very seriously. Acts of fraud or corruption will not be tolerated, and DAI employees and/or subcontractors/grantees/vendors who engage in such activities will face serious consequences. Any such practice constitutes an unethical, illegal, and corrupt practice and either the Offeror or the DAI staff may report violations to the Toll-Free Ethics and Compliance Anonymous Hotline at +1 855-603-6987, via the DAI website, or via email to FPI_hotline@dai.com. DAI ensures anonymity and an unbiased, serious review and treatment of the information provided. Such practice may result in the cancellation of the procurement and disqualification of the Offeror's participation in this, and future, procurements. Violators will be reported to USAID, and as a result, may be reported to the U.S. Department of Justice to be included in a Restricted Parties list, preventing them from participating in future U.S. Government business.

Offerors must provide full, accurate and complete information in response to this solicitation. The penalty for materially false responses is prescribed in Section 1001 of Title 18 of the United States Code.

In addition, DAI takes the payment of USAID funds to pay Terrorists, or groups supporting Terrorists, or other parties in exchange for protection very seriously. Should the Terrorist, groups or other parties attempt to extort/demand payment from your organization you are asked to immediately report the incident to DAI's Ethics and Compliance Anonymous Hotline at the contacts described in this clause.

By submitting an offer, offerors certify that they have not/will not attempt to bribe or make any payments to DAI employees in return for preference, nor have any payments with Terrorists, or groups supporting Terrorists, been attempted.
