**Estimation of Construction Material & Manpower
According to Standard of Ministry of Public Service of Afghanistan**

A. Excavation (Earth # 3): Volume = 0.52 Cum

$$\text{Laborer} = 0.52 \times 0.65 = 0.34 \text{ person}$$

B. P.C.C. Work (M:150)

Volume = 0.91 Cum

$$\text{Conc. Wastage 1% added} = 0.92 \text{ Cum}$$

$$\text{Laborer} = 0.92 \times 3.25 = 3.00 \text{ person}$$

$$\text{Skilled laborer} = 0.92 \times 0.65 = 0.60 \text{ person.}$$

$$\text{Cement} = 325 \text{ Kg/m}^3 \times 0.92 = 299/50 = 5.98 \text{ bag.}$$

$$\text{Sand and Gravel} = 1.005 \times 0.92 = 0.92 \text{ Cum}$$

C. Filling of Bolder:

Volume = 0.95 m³

$$\text{Bolder stone} = 0.95 \text{ m}^3 \times 1.20 = 1.14 \text{ m}^3$$

$$\text{Laborer} = 0.95 \times 0.6 = 0.57 \text{ person}$$

Skilled laborer = 0.95 x 0.10 = 0.095 person.

Abstract of Estimation:

Cement = 6 bag.	
Sand and Gravel = 0.92 Cum	
Bolder stone = 1.14 Cum	
Laborer = 3.91 person	
Skilled laborer = 0.70 person	0.3 for hand pump installation = 1
Kabul pump cost	RS 4900
Indus pump cost	RS 7100
Rising main cost	RS 120.7
