

## GIZ Afghanistan

### Open Policy Advisory Fund (OPAF) Project

#### Mini-Fund for Women Empowerment Call for Proposal

The overall objectives of the German Development Cooperation with Afghanistan in the governance sector are improving the capacity of state structures, fighting corruption and getting the population more involved in decision-making processes.

The [Open Policy Advisory Fund \(OPAF\)](#) has been implemented since 2009 by GIZ on behalf of the German Ministry of Economic Cooperation and Development (BMZ). OPAF's objective is to enable state actors to implement reform steps that contribute to political and social participation and to promote civil society to take part in political decision-making. Therefore, OPAF offers expertise, advice, training courses and coaching for Afghan public institutions in the field of development and implementation of reform processes at the central level by supporting specific measures mainly through short-term to mid-term interventions.

The purpose of this Call for Proposals for the Mini-Fund for Women Empowerment is to:

- foster leadership, organizational, and advocacy capacity of women's organizations so that they can increase their participation in social and political life
- improve the enabling environment for women to raise their concerns as citizens of Afghanistan
- increase the capacity of women-led CSOs to raise concerns of female citizens in activities jointly implemented by state and non-state actors
- provide chances for sustainable empowerment and support to women entrepreneurs through financial literacy, training, and networking opportunities so that they may play a key role in their communities
- engage men and boys in the prevention of gender-based violence
- increase women's and girls' awareness of their rights to promote gender equality in local communities.

OPAF's Mini-Fund for Women Empowerment is looking forward to specific project proposals by civil society organizations that include but are not limited to the following activities:

- create mentoring and apprenticeship opportunities
- improve institution building and advocacy skills within the organization
- provide financial literacy and business management skills, as well as networking opportunities for women business owners
- raise awareness on micro finance and other options to access capital for women entrepreneurs
- address gender-based violence in a holistic way and address gender roles
- promote gender equality by increasing awareness of human rights

OPAF's Mini-Fund for Women Empowerment encourages proposals that:

- promote partnerships among two or more local organizations for a common goal
- include young women as project implementers and/or target beneficiaries
- demonstrate innovative ways to address women's issues

OPAF encourages CSOs to design their project in creative ways based on careful needs analysis and CSOs' experience, successes, and failures. Proposed projects should include innovative, targeted and localized approaches, especially those that mainstream gender or engage women, as well as encourage collaborative work among several CSOs in different regions or levels.

**Funding Opportunity Title:** Mini-Fund for Women Empowerment  
**Deadline for Application:** 16.07.2020  
**Length of Performance Period:** 4 months  
**Funding Instrument Type:** Local subsidy  
**Proposal number:** 83358441  
**Eligible Organizations:** Non-government and non-profit organizations (including think tanks, civil society organizations) that are based and legally registered in Kabul, Afghanistan are eligible to apply.

### Selection Process

Project proposals will be evaluated by an evaluation committee based on the following criteria:

- **Technical Capacity:** The applicant organization demonstrates expertise and the ability to perform the proposed activities.
- **Relevance of Project:** The proposal is relevant to the objectives and priorities of the Call for Proposal, and the proposed project is relevant to particular needs and constraints of the target groups.
- **Quality and Feasibility of the Project Idea:** The proposal is well developed, innovative and offers creative solutions with all necessary details about how project activities will be carried out.
- **Personnel:** Sufficient number of staff, with relevant education and experience, are assigned to the project.
- **Project Budget:** Budget and narrative justification are completed and reasonable in relation to the proposed activities and anticipated results.
- **Structural Capacity:** The applicant organization has a functional office.

### Application and Submission Information:

The application should contain the following documents:

1. Completed project proposal template; which is provided as an attachment to the Call for Proposal. Please be aware that only complete (electronically) proposal templates will be considered;
