

People In Need

We are a non-governmental, non-profit organization founded on the ideals of humanism, freedom, equality and solidarity. We consider human dignity and freedom to be fundamental values. We believe that people anywhere in the world should have the right to make decisions about their lives and to share the rights expressed in the Universal Declaration of Human Rights.

Throughout the 25 years of its existence, People in Need has become one of the biggest non-profit organizations in Central Europe. In addition to humanitarian aid and human rights, it now also targets education and helps people living in social exclusion.

We are part of Alliance2015, a strategic network of seven European non-governmental organizations engaged in humanitarian aid and development projects. This collaboration increases effectivity both in working in the target countries and in campaigns aimed at influencing the attitudes of politicians and the general public in Europe.

Qualified tender offers (bids) are sought from competent contractors registered with relevant ministry for the following construction works:

Construction of Recycling Plant Facilities at Amir Ali Shir Nawi Industrial Park

Technical drawings: the technical drawings for the constructions are in attached Annexes as per lot, contractor shall complete the constructions according to those drawings and submit the sign/stamped copies with the tender documents. ***Understanding of the requirements*** – understanding of the requirements for construction materials, Drawing, workplan are the major requirement in this modern age of technology. There are many types of building materials used for different construction works and technique.
