Supply, installation and commissioning of Enterprise Resource Planning (ERP) software for Badakhshon Energy Company

Reference No: PE/BE-AKFUSA-USAID-Local Impact/ITB002

Badakhshon Energy Company (BE), a subsidiary of the Aga Khan Fund for Economic Development (AKFED), is an energy utility company operating in the Badakhshan Province of Afghanistan. Based on 30-year concession agreement, the Government of Afghanistan has handed over the operation of Badakhshan's energy system to BE. BE's goal is to bring clean, reliable and affordable electricity to every household in the Badakhshan Province.

The Aga Khan Foundation (AKF) USA has set aside an award for BE and Pamir Energy (PE) to implement the Local Impact Project. Through the Local Impact project, PE and BE aim to establish a strong foundation for the sustainable development of a resilient energy provision system in the Badakhshan Province of Afghanistan through the establishment of an integrated utility model. AKF USA will serve as managing partner and lead for PE TAJIKISTAN/BE AFGHANISTAN as the sub-recipient in implementation of this program's activities according to its Partner Scope of Work.

Through current tender, BE intends to acquire ERP application to manage accounting of expenditures, sales and receivables, payables, banks, cash, stores, payroll, procurement of the Badakhshon Energy Company. BE would like to setup the ERP application which best fit its needs. In anticipation of rapid growth, the company wants a platform that can scale up and is flexible and agile. The ERP should also need to support Badakhshon Energy's complex entity structure, including the ability to perform multilevel consolidations, handle multiple charts of accounts, and analyze business information across multiple dimensions including region, location, and line of business.
