III. Technical capacity

Proof of technical eligibility is provided by naming up to 10 reference projects. In table 1, 'Overview of reference projects', enter up to 10 reference projects from the past 3 years, taking account of the required criteria (including the minimum contract value).

If you list more than 10 reference projects, we will only consider the first 10.

The minimum requirements are checked based on the following criteria and the reference projects entered in table 1 below. Applicants that do not meet these criteria will be considered ineligible and excluded from the subsequent tender procedure.

A. Minimum requirements for references

The technical assessment is based only on reference projects with a minimum contract volume of **EUR _____**.

At least _____ reference project(s) in the field of _____
and at least _____ reference project(s) in _____ (country/region) in the last 3 years.

We declare:

1) The minimum requirements for reference projects in the required technical field are fulfilled.

The corresponding reference project numbers (as per table 1) are: Numbers

2) The minimum requirements for reference projects in the required region are fulfilled.

The corresponding reference project numbers (as per table 1) are: Numbers
