**BENCH WITH BACK "38.0" (PHOTO 1)**

Art.no.	Description
38.000.001	bench with back support and arm-rests made of 40 mm thick untreated FSC certified hardwood, frame tubing Ø 60 mm, 2,000x650x800 mm
38.000.700	additional charge for powdercoating steel construction in a RAL colour

BENCH WITHOUT BACK "38.0" (PHOTO 2)

Art.no.	Description
38.005.001	bench without back, with 40 mm thick untreated FSC certified hardwood seat components, frame tubing Ø 60 mm, 2,000x650x440 mm
38.005.700	additional charge for powdercoating steel construction in a RAL colour

TABLE "38.0" (PHOTO 3)

Art.no.	Description
38.010.001	table with 40 mm thick untreated FSC certified hardwood table top, frame tubing Ø 60 mm, dimensions 2,000x920x650 mm
38.010.700	additional charge for powdercoating steel construction in a RAL colour

1 BENCH "38.0"

We are delighted to present our park furniture series, the design of which meets the latest requirements in term of today's design and quality. These products are a response to the increasing demand for modern park furniture. Steel and wood have been used in this furniture series. Highly suitable for use in public areas, parks, street and sea-front environments. The modern nature of the furniture can be further enhanced through the use of colour. The furniture blends well with architecture from any period.

The frame is of a solid welded and curved construction which can resist virtually any force. Neither expense nor effort has been spared to choose the right material and surface treatment. Certain situations require anchoring on or in the ground. All bench and table legs are therefore equipped with an anchoring hole. The frame is made of Ø 60 mm tubing and fully hot-dip galvanised in accordance with BS EN-ISO 1461 after all due processing. The seat, back and table components are made of 40x120x1,600 mm for the seat and 40x180x1,600 mm for the back support.

The FSC logo identifies products which contain wood from well managed forests certified in accordance with the rules of the Forest Stewardship Council. Certified by Skal International (SKAL-COC-008530). FSC Trademark © 1996 Forest Stewardship Council A.C.

bench with back, art.no. 38.000.00x

The diagram illustrates a photovoltaic (PV) array system. The main part of the image shows a large, rectangular array of solar modules mounted on a building's roof. The array is composed of many smaller modules, each represented by a grid of small squares. A dashed line indicates the connection between the array and the AC mains supply. An inset diagram shows a single module with a sun icon, labeled 'Module', and a single cell, labeled 'Cell'. The text 'PV Array (usually building mounted)' is also present. At the bottom right, the text 'AC mains supply' is shown with a line connecting to the array.
